RE: Bald Eagle Sportsmen's Association

Dear Mr. Weidt,

I am writing this letter to inform you about the exceptional community service that the Bald Eagle Sportsmen's Association (BESA) provided to University of Minnesota students. For the second year in a row, with only a simple inquiry, BESA members prepared a thorough training session covering safe handling and responsible use of firearms and archery equipment. With great enthusiasm, they volunteered their time to provide students with a transformational experience in a friendly and professional setting that would be impossible to duplicate on the University of Minnesota campus. The high-quality training they provided was appreciated by students and deserves to be recognized.

Sincerely,

Nick McCann, Ph.D.
Postdoctoral Associate
